

When we all sing together

Yinga-dha = Sing, Birrarung Marr = river bank, Djembana = gathering place
Aunty Fay: "When we sing in language the Country hears us and comes alive".

When we all sing together – there's a river that flows
In its own sweet time, with its highs and lows
When we all sing together – there's a glow that goes
From the tops of our heads, to the tips of our toes

Yinga-dha, Birrarung Marr, Yinga-dha, Djembana x2

When we all sing together – We can dance in the sun
For the voices of many have become as one
When we all sing together the river is strong
For we've made a space where we all belong

Yinga-dha, Birrarung Marr, Yinga-dha, Djembana x2
